

#Inventingthefuture

# Bachelor of Education Science (B.Ed Science)

## About the Programme

The programme is designed to prepare students to become competent and reflective science educators. The programme offers specialised training in two science teaching subjects—such as Mathematics, Physics, Chemistry, Biology, Physical and Health Education or Computer Studies—combined with courses in educational psychology, curriculum development, teaching methodology, and classroom management. Emphasising both content mastery and pedagogical skills, the course includes practical teaching experience through school-based practicum.

## Entry Requirements

KCSE Mean grade of C+ (plus) and a minimum of C+ (plus) in any of the two teaching subjects, Biology/Chemistry/Physics/Mathematics/Humanities and C (plain) in Mathematics, if not a teaching subject, C (plain) in English and Kiswahili and at least a C (plain) in any Science subject at the KCSE level for the Physical Education combination.

### Intake

January, May, September

### Mode of Delivery

Physical

### Duration

4 Years (8 Semesters)

### Career Opportunities

- High School Teacher
- University Lecturer
- Educational Researcher
- Curriculum Developer
- Laboratory Technician
- Education Officer
- Quality Assurance Officer
