

#Inventingthefuture

Bachelor of Arts in Psychology with Technology

About the Programme

This programme provides a strong foundation in core psychological concepts such as cognitive, developmental, social, and abnormal psychology while integrating technological skills in areas like digital mental health, data analysis, virtual learning environments, and tech-assisted therapy. It prepares graduates to understand and respond to mental health needs in an increasingly digital world, equipping them for careers in counselling, human resource management, research, education, health tech, and community development.

Entry Requirements

KCSE certificate with a minimum of an aggregate of C+ (plus) or a Diploma from a recognised institution.

Intake

January, May, September

Mode of Delivery

Both Physical and Online

Duration

4 Years (8 Semesters)
