

#Inventingthefuture

# Diploma in Artificial Intelligence and Cloud Technologies

## About the Programme

This is a forward-looking programme designed to equip students with practical skills and foundational knowledge in AI and Cloud Technologies. The course covers core areas such as machine learning, data analytics, AI algorithms, cloud computing infrastructure, virtualisation, and deployment of AI solutions on cloud platforms. Students gain hands-on experience with tools and technologies used in real-world applications, including cloud services like AWS, Azure, and Google Cloud.

## Entry Requirements

KCSE certificate with a minimum aggregate of C- (minus), a minimum grade of D- (minus) in Mathematics or a relevant qualification.

### Intake

January, May, September

### Mode of Delivery

Both Physical and Online

### Duration

5 Semesters

### Career Opportunities

- IT Manager
- AI Expert
- Technology Officer
- System Administrators
- Cloud Security Engineer
- Data Engineer
- IoT Expert
- IT infrastructure Engineer
- Automation Engineer
