

#Inventingthefuture

# Diploma in Computer Science

## About the Programme

This is a foundational programme designed to equip students with essential knowledge and practical skills in computing, programming, and software development. The curriculum covers core areas such as computer architecture, data structures, algorithms, programming languages, database systems, operating systems, and computer networks. Students also gain exposure to problem-solving techniques, software engineering principles, and emerging technologies.

## Entry Requirements

KCSE certificate with a minimum aggregate of C- (minus), a minimum grade of D- (minus) in Mathematics or a relevant qualification.

### Intake

January, May, September

### Mode of Delivery

Both Physical and Online

### Duration

5 Semesters

### Career Opportunities

- Systems engineer
- IoT Developer
- Hardware engineer
- Project Leader
- System administrators
- Database administrators
