

#Inventingthefuture

Diploma in Film and Television Production

About the Programme

The programme is designed to equip students with the skills needed to produce professional content for film, television, and digital media platforms. The course covers key aspects of the production process, including scriptwriting, directing, cinematography, lighting, sound design, video editing, and post-production. Students gain hands-on experience using industry-standard equipment and software while learning the art of visual storytelling and media ethics.

Entry Requirements

KCSE (or equivalent examination) certificate with a minimum aggregate of C- (minus), and a minimum of C- (minus) in English or Kiswahili, or a relevant qualification.
