

#Inventingthefuture

Diploma in Information Technology

About the Programme

This is a practical and industry-focused programme that provides students with foundational knowledge and skills in computing and IT systems. The course covers key areas such as programming, networking, database systems, web development, operating systems, and IT support. Students gain hands-on experience with modern technologies and tools, preparing them to install, maintain, and manage IT infrastructure in various business and organisational settings.

Entry Requirements

KCSE certificate with a minimum aggregate of C- (minus), a minimum grade of D- (minus) in Mathematics or a relevant qualification.

Intake

January, May, September

Mode of Delivery

Both Physical and Online

Duration

4 Semesters

Career Opportunities

- IT Managers
- System Analysts
- IT Infrastructure Engineers
- Network Consultants
- Computer Support Engineer
- Software Engineer
