

#Inventingthefuture

Master of Science in Computer Science

About the Programme

The goal of this programme is to ground students in computational thinking, abstraction and logical reasoning and the implementation of solutions through automation, programming and computer systems. The Programme further deepens the learners understanding of major emerging trends in today's computing world.

Entry Requirements

Bachelor of Science in Computer Science or IT or related field from an accredited university and have obtained a Second Class honours Upper Division or above or equivalent pass.

Bachelor of Science in Computer Science or IT or related field and have obtained Second Class honours Lower Division or equivalent pass and have worked for at least 2 years in computing field.

Intake

September

Mode of Delivery

Online

Duration

2 Years (4 Semesters)

Areas of Specialisation

- Artificial Intelligence
- Cyber Security and Computer Forensics
- Computer Networks
